

Echo Eliminator® **ELIMINATES** *Piercing Echos in Piano Room!*

Hello Mike,

I wanted to let you know that after waiting for our contractor to install the Echo Eliminator panels; we got them on the ceiling today.

The results were excellent; the piano sounds "cleaner", without any of the piercing echoes that used to effect my playing constantly. It was like I was playing another much better instrument.

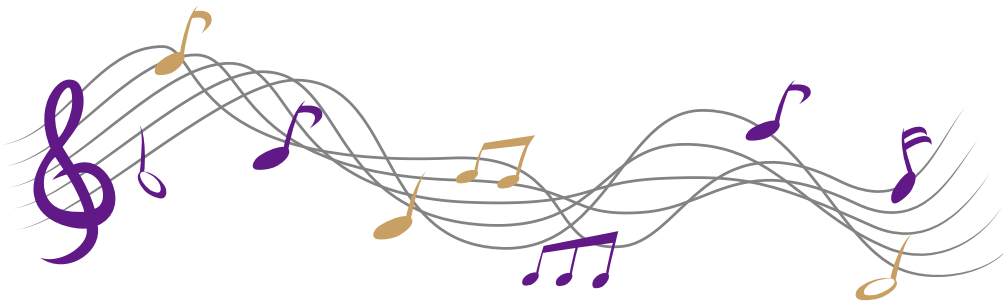

I want to thank you again for the time you spent with us planning the treatment of our music room; it means a lot to me to be able to enjoy the piano at a level that I wanted.

We are happy with the results, and would recommend your products to anybody having echo problems like we had.

Lou C.
