# Fabric Wrapped Acoustical Panels

## REDUCED LOBBY NOISE SIGNIFICANTLY!

Hi Geoffrey,

The acoustical panels were installed and the amount of noise reduction in our lobby is significant! Before the panels talking and the noise level would be deafening due to the tile and wood surfaces in the lobby. With the installation of the acoustical panels, we had 40+ people in the lobby at one time and the reverberation was non-existent. The installation was very easy to do and they look great in the space. *Thank you so much for your help on this project, we are thrilled!*

Warmest regards,  
Carol M.
