Echo Eliminator Acoustical Panels Reduce ECHO and NOISE LEVELS at Childcare Center!

Greetings Ted,

Thanks for your help with the acoustical recommendations. The Echo Eliminator Panels have been installed and we are happy with the results, they seem to be working really well! The staff is happy with the changes to the echo and noise level in the space when it's full of active kids and we were happy that the panels worked into the budget. We will be contacting you in the future if we ever have a need like this again.

Take care!

Jeremy S.

The staff is happy with the changes to the echo and noise level in the space when it's full of active kids and we were happy that the panels worked into the budget.
