## Acoustical Surfaces' Products Improve Playing and Listening Environment at Schmitt Music Store!

Just a quick note to let you and your company know how thrilled we are with the new walls around our Steinway & Sons piano showroom. *The difference is so dramatic, it's hard to describe!* I watched the walls being constructed and installed and was surprised to see the detail that goes into the process. Suffice it to say, my staff and customers are enjoying a greatly improved playing and listening environment thanks to your work. Feel free to have anyone considering this acoustic treatment give me a call. I'm sure we will be doing more in the future!
