

Mini Super W Pads

4" x 4"
Section Shown

Mini Super W Pads have the same design as Super W Pads but are thinner (3/8"). These rubber isolation pads can be used as noise breaks where the added height of the 3/4" thick Super W is prohibitive. Mini Super W Pads are only made in 45 durometer natural rubber.

Mini Super W Load Rating (per Square)

Type & Size	Standard Durometer	Load per 2"x2" Square (lbs)	Rated Defl. (in)
Mini Super W Pads 18"x18"x3/8"	45	180	.05
